

**Technical Export Systems Manager**  
**FIXED TERM POSITION**

**Based in ETRICK, Central Otago.**

We require a person who is able to work during our busy cherry and apple packing season in our Packing Facility in Ettrick. The position begins in mid December and finishes in June/July (Harvest dependant). There will be fewer hours work in February, between the crops.

A proven knowledge and experience in the following is essential:

- T&G's SAP System (Export Data/Labeling)
- Staff Management
- Export Pre-clearance & Dispatch requirements.

The person in this position must ensure Central Organics export requirement policies are followed by all staff accurately, have accurate stock counting abilities and show attention to export details.

If this is you, please email:
