

Health and Safety Manager

Seasonal Solutions is a co-operative with members throughout Otago, Canterbury and Marlborough in the horticulture and viticulture industries.

This is a challenging position providing support to growers; auditing H & S systems, policies and practice on their properties and ensuring that they are up to date with current legislation and practices. Relationship building with cooperative members is critical to this role, as is an ability to liaise with industry bodies, ACC and Worksafe. A minimum of 2 years H&S experience is required.

Further details of the role including a Position Description are available on our website: ssco.co.nz
